2 East Gathers To Celebrate the Success of the 2ETabloid Volume 1 (with Cake)

## 2 East Gathers Again To Celebrate the Success of the 2ETabloid Episode 2 (with Brownies)

## Friendly Pokemon or Drug Dealer Disguised as a Pokemon?

Charmander or whatever-the-fuck-his-name-is is caught selling drugs to 2 East citizens. 2 East Detectives are on the case and are tracking down the suspect, pictured with the orange head in the photo on the left. Last month, it is believed that this same suspect sold drugs to the infamous Squirtle Squad. We hope to detain the dealer soon to once again bring peace to the Two East community.

## Two East Gathers To Watch the Great Event

Recently, a Great Event occurred, causing the members of Two East to quickly gather and stare in amazement. Look at Logan's face; he looks so happy! We're not sure what the Great Event is since it's not shown in the picture. However, some rumors say that the Great Event is the return of Bennett, the prodigal son. Others say it is the Super Bowl. We are fairly certain it is the latter, since we know Bennett will never return.

## Bennett Returns?

Nope. This image was photoshopped. Carry on.

...Wish that kid would come back and fix the damn printer

## Box Boy

Our favorite Brazilian Boy is shown here being a Playing Boy. He is playing with some toys, this cute little Toy Boy. What else do we know about this Bean Bag Boy? He's also a Smiling Boy, which must mean he's a Happy Boy. Even though we can tell from this picture he's also a Bow Tie Boy and a Muscular Boy, there is a lot hidden in the depths of our Mysterious Boy. Whatever the case is, he is for certain our Favorite Boy.

## Justin Wonders About His Happiness

Justin, known sad boi, wonders why he is so sad, amidst the happy faces of Super Bowl watchers. "Is it my haircut?" he thinks. "Maybe its because of my large ears." In any case, we hope he feels better soon! Rumors are he will start his own calendar company, starting with the "Sad Boys of Boston" Series.

## Dancing Danny

While surrounded by his senpais, Danny attempts to woo them with his sweet moves. The grace and power he demonstrates with his bird walk here is enough to melt even the most frozen of hearts. The senpais immediately flock to his side, leaving fellow kohai James to the side.

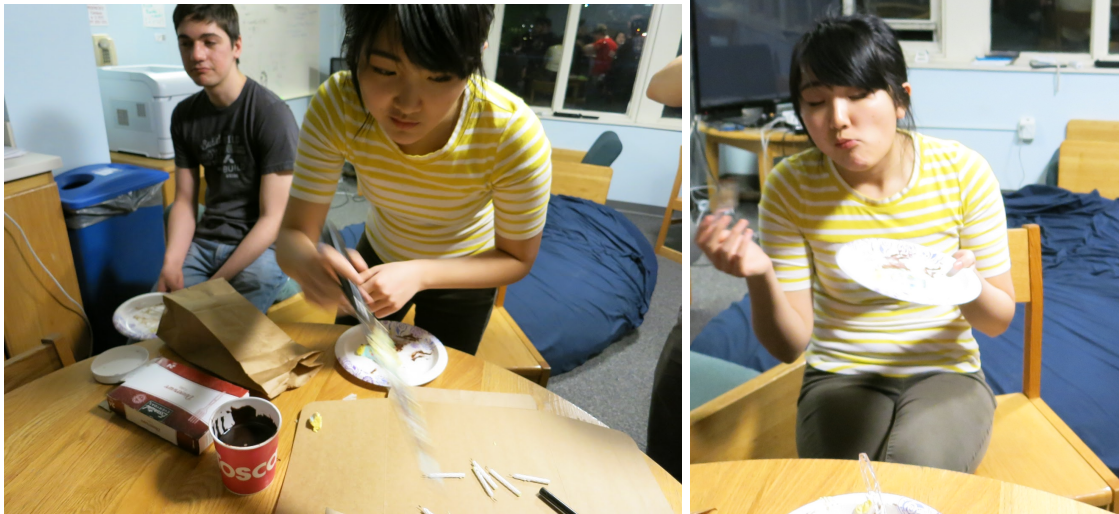

Alex Hong is in Love with the CoCo

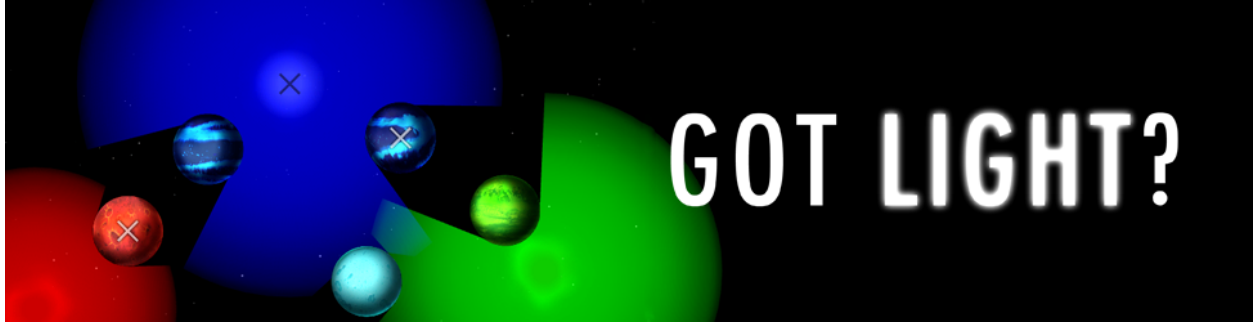

Basically this guy is on drugs and he is definitely feeling the effects. That damn charizard thing probably sold him the stuff.

## Jennifer tries to MURDER 2E Tabloid Staff...Then Tells Police She Gives No Fucks

Oh my fucking gosh. This girl is outta control! At the most recent celebration of the Tabloid's success, Jennifer, known communist and tabloid hater, showed up uninvited and tried to stab Tamba, one of the Tabloid's writers; When no one was looking, she grabbed a knife from the table and quickly tried to puncture him. Tamba, being the dedicated staff member he is, still managed to get the shot while dodging the deadly attack. After failing to stab the reporter, Jennifer pretended that nothing happened and nonchalantly (vocab word) started conversation up with a bystander.

Tamba then called the police and when they arrived at the scene and questioned Jennifer, she denied the accusations and told the police she does not give a fuck if they arrest her. The police were intimidated by her confidence and senpai status and so they just left.
